Dear Lunar Land Owner,

Thank you for purchasing extra-terrestrial land from MoonEstates.com Ltd.

This project was launched here in the UK on the 8th September 2000. MoonEstates.com Ltd. retain the exclusive rights for reselling Celestial Property in the United Kingdom & Ireland, under license from the Lunar Embassy. This includes land on the moon, IO, Venus, Mars and other satellites and planets within our Solar System.

We are currently offering property on the Lighted Lunar surface of Earth's Moon and on the planets Mars and Venus.

Our exclusivity for the United Kingdom and Ambassadorship has been authorized by Dennis M. Hope, who filed a declaration of ownership for Earth's Moon and the planets Mars, Venus, Mercury, Jupiter, Saturn, Uranus, Neptune, Pluto as well as their respective moons, on November 22, 1980.

This declaration of ownership was initially filed at the San Francisco County offices and then filed with the U.S.A., U.S.S.R., and the General Assembly of the United Nations. A transcript of this declaration is included with every property purchased. On this basis, we have purchased the land from Dennis M. Hope in good faith, and in turn are selling it to you in good faith.

We trust you will have many years of enjoyment from your purchase.

Warm regards from MoonEstates.com Ltd.

Celestial Ambassador to the UK & Ireland
